

08. Storm 'N' Attack

Here I stand full of concentration, now it's time my last chance to pray
I'm ready for illumination I'm ready for the judgment day

my pulse is beating loud and very strong, my veins are burning
let's get it on

**storm!attack! to the throne I'm the pretender
storm!attack! I'm gonna fight I'm gonna win
storm!attack! I'm the Rock 'n' Roll defender
storm!attack! no – surrender**

the match begins I'm ready to rumble, come on man show me what you've got
I beat you up I make you tumble the ring will be full of tears and blood

we challenge hard, we challenge well a royal battle straight to hell

**storm!attack! to the throne I'm the pretender
storm!attack! I'm gonna fight I'm gonna win
storm!attack! I'm the Rock 'n' Roll defender
storm!attack! no – surrender**

now it's time to introduce ya – to the last final chapter

my fist is flying straight into its place, my fist is flying straight into your face

the heart of the crowd stands still, silence fills the hall
and then I look into your face
your eyes tell me that it's over, your body fall down to the floor
and I begin to realize my dearly purchased, victory

**storm!attack! to the throne I'm the pretender
storm!attack! I'm gonna fight I'm gonna win
storm!attack! I'm the Rock 'n' Roll defender
storm!attack! no – surrender**
