A Rocker is wearing full of pride - (black leather)
what turns him on in the heat of the night - (black leather)

what's your uniform out in the action,
what saves your life what gives you protection
there for I have my second skin there for I'm wearing wearing

**black leather it's my symbol of sin, I'm wearing
black leather where my fat ass fits in
black leather always gives me a thrill
black leather and I'm dressed to kill with**

(black leather), (black leather)

what's decorated with patches and pins - (black leather)
in studded clothes I'm starting to grin - (black leather)

what's your sign your power assistance
what is showing your social resistance
there for I have my second skin there for I'm wearing wearing

**black leather it's my symbol of sin, I'm wearing
black leather where my fat ass fits in
black leather always gives me a thrill
black leather and I'm dressed to kill**

some people wearing leather cause they want to be seen
while other people thinking that they look bad 'n' mean
but I'm the only brother in my neighborhood
who's wearing black leather cause it feels so good

**black leather it's my symbol of sin, I'm wearing
black leather where my fat ass fits in
black leather always gives me a thrill
black leatherand I'm dressed to kill with**
